PROFESSIONAL SUMMARY

Frontend Developer skilled in React.js and modern JavaScript, focused on building scalable and responsive user interfaces. Experienced with state management, API integrations, and reusable UI components to improve performance and user experience. Passionate problem-solver and quick learner aiming to contribute to real-world products through clean code and continuous improvement.

EXPERIENCE

• Brinavv Technologies Pvt. Ltd.

Nov 2025 – Present

Frontend Developer Intern

Hyderabad, India

- Developing and maintaining scalable, responsive web applications using React.js and modern JavaScript (ES6+).
- Collaborating with backend teams to integrate REST APIs using Axios and handle dynamic data rendering.
- Building reusable and modular UI components to improve development efficiency and maintain design consistency.
- Implementing state management using Redux Toolkit for complex application workflows.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Redux Toolkit, Tailwind CSS, Material UI, Responsive Design, Axios, React Router DOM
- **Backend Exposure:** Python, MySQL, REST APIs, Data Structures and Algorithms
- **Tools & DevOps:** Git, GitHub, Vercel, Netlify, npm, Webpack, Vite, Postman

PROJECTS

• TMDB Movies App - React Movie Discovery Platform

Aug 2025 – Sep 2025

Front End React.js Application

Github | Live Demo

- Integrated TMDB API to fetch and display trending, top-rated, and searchable movie content.
- Implemented Watchlist using LocalStorage for personalized user experience.
- Built interactive movie cards, pagination, and search filtering to improve navigation.
- Optimized global state with Redux Toolkit reducing unnecessary re-renders.
- Tech Stack: Javascript, React.js, Redux Toolkit, Tailwind CSS, Axios, Vite

• Student Attendance Dashboard

Sep 2025 – Oct 2025

Front End React.js Application

Github | Live Demo

- Built a responsive and mobile-first dashboard that enables teachers to manage and track student attendance in real time.
- Implemented secure authentication with protected routes, ensuring data privacy and controlled access.
- Developed reusable and scalable UI components to improve design consistency and reduce development time.
- Utilized Redux Toolkit for centralized state management, improving performance and reducing code complexity.
- Tech Stack: JavaScript, React.js, Redux Toolkit, Tailwind CSS, Recharts.

CERTIFICATIONS & TRAINING

- **Digital 101 Journey**, FutureSkills Prime
- **Full-Stack Web Development**, PanTech Solutions

2023

2024

EDUCATION

- **B.Tech in CSE (AIML)**, Vaageswari College of Engineering, Telangana
CGPA: 7.29/10

2021 – 2025

ACHIEVEMENTS

- Solved 100+ Data Structure and Algorithm problems on LeetCode
- Built and deployed multiple production-ready frontend applications on Vercel
